

Loveflowers - Handy hints

WEARING YOUR CORSAGE

Corsages are for the ladies and are worn on the **right**, just below the shoulder. Generally the ribbon tails will denote approximately 7 o'clock in position. Use the brooch clip underneath to affix to your outfit and take care when positioning your seatbelt.

WEARING YOUR WRISTLET

Wristlets are worn at the wrist bone of the **left** hand. Simply pull one wired loop of ribbon inside the other and bend back to fasten, fixing firmly and comfortably in place. The ribbon is positioned to fall on the **outside** of the arm, back towards the body.

WEARING YOUR BUTTONHOLE

Buttonholes, or boutonnières as they are also called, are for the gentlemen. Simply use the pearl pin provided to attach flat to your jacket's **left** lapel. The 'stem' of the buttonhole points down towards your shoes (it does not go through the buttonhole of the lapel, or in the pocket). Slide the pin under a tiny section of fabric, over the top of the buttonhole stem and back into the fabric. Take care not to crush your buttonhole with your seatbelt.

The team at loveflowers.com.au wishes you a very special and memorable occasion.
